TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Peterborough, in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the twelfth day of March next, at eight-thirty of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of highways, and for all other charges arising within the Town, and appropriate the same.

3. To raise and appropriate such sums of money as may be necessary for the support of the Fire Department, the Public Library and for Memorial Day.

4. To see what sum of money the Town will vote to raise and appropriate towards paying the Town debt and interest.

5. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and to pass any vote relating thereto.

6. To see if the Town will vote to instruct the Selectmen to appoint a Police Officer, or as many as may be necessary, to preserve order in and about the public places of the Town, and to perform other duties as may be required by the Selectmen, both day and night, and raise and appropriate money for the same.

7. To see if the Town will vote to accept legacies and gifts given to the Town in trust by any individual or individuals.

8. To see if the Town will vote to raise and appropriate the sum of Seven Hundred Thirty Eight Dollars and Forty-Nine Cents ($738.49) provided the State gives Twenty-Nine

Hundred Fifty-Three Dollars and Ninety-Seven Cents ($2,953.97) for Town road maintenance and construction of Class Five highways.

9. To see what sum of money the Town will vote to raise and appropriate for the expense of supervision and materials on proposed projects to be undertaken through Public Works Administration or Works Progress Administration.

10. To see what sum of money the Town will vote to raise and appropriate toward a complete survey and mapping of the entire Town.

11. To see what sum of money the Town will vote to raise and appropriate toward paying for Electricity, both for power and lighting purposes to be used at the new Swimming Pool on Union Street.

12. To see if the Town will vote to raise and appropriate the sum of $400.00 to the Monadnock Region Association of Scenic New Hampshire for the issuance and distribution of Printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the Town in cooperation with the other thirty-seven towns in the Monadnock Region.

13. To see what sum of money the Town will vote to raise and appropriate for the suppression of gypsy and Brown Tail moths, white Pine Blister, or any other insect or pest.

14. To see what sum of money the Town will vote to raise and appropriate for the observance of MacDowell Day, May 13th, or take any other action relating thereto.

15. To see if the Town will vote to raise and appropriate the sum of Eighteen Hundred Dollars ($1800.00) for a new truck for the Highway Department.

16. To see what sum of money the Town will vote to raise and appropriate to defray the expense of building approaches other than Public Highways to bodies of water and other sites where timber is to be stored designated by the Northeastern Timber Salvage Administration for storage and manufacture of down timber, and of leasing whatever land may be necessary to facilitate the storage and preservation of down timber and lumber manufactured therefrom.

17. To see what sum of money the Town will vote to raise and appropriate for the extension of the Town Water System on The Old Dublin Road from a point nearly opposite

the Derby Property to a point opposite Noone Avenue, or take any other action relating thereto.

18. To see what sum of money the Town will vote to raise and appropriate for the re-construction of Bridge over Wilder Brook on the Sand Hill Road, or take any other action relating thereto.

19. To see what sum of money the Town will vote to raise and appropriate for the construction of a Town Garage on Summer Street Lot, or take any other action relating thereto.

20. To see if the Town will vote to adopt the provisions of sections 1 to 9 inclusive of chapter 163 of the Public Laws relating to the inspection and licensing of the sale of milk, and as provided in section 10 therein.

21. To see what action the Town will take relative to Flood Control in the Upper Contoocook Valley.

22. To see what sum of money the Town will vote to raise and appropriate for lighting the Main Street Bridge or take any other action relating thereto.

23. To see what sum of money the Town will vote to raise and appropriate for the reconstruction of Pine Street or take any other action relating thereto.

24. To see if the town will vote to raise and appropriate the sum of One Hundred Twenty-Five Dollars ($125.00) to shingle the north side of the Legion Hall.

25. To see what sum of money the Town will vote to raise and appropriate for the re-construction of the Old Dublin Road, and to accept State Aid, or take any other action relating thereto.

26. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deeds.

27. To see what sum of money the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

28. To see if the Town will transact any other business that may legally come before this meeting.

Given under our hands and seal this Twenty-Fourth day of February, in the year of our Lord, Nineteen Hundred and Forty.

HARRY F. SMITH
GEORGE WOOLLETT
CAREY A. WALBRIDGE
Selectmen of Peterborough, N. H.

BUDGET OF THE TOWN OF PETERBOROUGH, N. H.

Report on Adams Playground—1939

Although a great deal was done in 1938 to repair the flood and hurricane damage, there was still some work to be done in 1939 to put the playground in good condition.

The main item of expense was the replacing of the grandstand with bleachers. The new bleachers were moved further back from the playing field as a matter of safety and were placed more in line with the baseball diamond. A protective wire screen was built in front of the bleachers and the wire screen back of home plate was straightened. A small section of bleachers was also constructed back of the first base line.

A general cleaning up of flood and hurricane debris was completed, and some filling and leveling done.

A good deal of athletic and ground equipment was lost in the flood and hurricane, making necessary equipment purchases larger than usual.

The playground was open as usual through July and August, with a supervisor, Robert Barry, assisted by Charles Burrage, Jr.

John Bellows, For the Committee

		$25,326 26

Respectfully submitted

EBEN W. JONES
CHARLES M. CUMMINGS
JAMES A. LONGLEY
Trustees of the James Smith Fund

Feb. 1, 1940.

AUDITORS' REPORT

We, the undersigned auditors of the accounts of the Town of Peterborough, New Hampshire, hereby certify that we have carefully examined the foregoing accounts of the officers, committees and others having charge of moneys for the year ending January 31, 1940, pages 208 to 262 inclusive with the exception of Detail 41 of the Selectmen's Report, the Weston Memorial Fund account, the James Smith Fund account and the Amanda Richardson Fund account. With minor exceptions for which corrections now appear in the Assets and Liabilities statement, we found them correctly cast and properly vouched. We did not verify the amounts given us as uncollected taxes and water rents, assuming that their publication elsewhere in this report will provide an adequate check.

This year there appears for the first time in the listing of liabilities a departmental summary of current accounts payable as of January 31. To obtain these amounts we circularized all vendors to the Town or any department to whom it was believed that any balance might be due. The figures shown are the totals so certified to us.

After our 1939 audit, your three auditors recommended in writing to the Selectmen that the Overseer of the Poor be bonded. Our present audit reveals that this recommendation has not been complied with. We now bring this matter to the attention of the voters and renew our recommendation.

FRANCIS B. DONOVAN
HARRY WRIGHT
Auditors of the Town of Peterborough

March 1, 1940.

REPORT OF THE TRUST FUNDS OF THE TOWN OF PETERBOROUGH, N. H. ON JANUARY 31, 1940

Sara Seccombe	1
Secretary of State	3
State Planning and Development Commission	2
Mrs. Francis Sullivan	7
Union Congregational Church	3
U. S. Government Printing Office	1
	88

Extra copies of magazines have been given by Mrs. Prescott Evarts, Miss Esther Jackson, Mrs. A. G. Lester, Howard E. Paige, Clifton E. Richardson, Miss Emily Safford, Mrs. William M. Thomas.

Flowers have been given for the Reading Room by Mrs. Dyer Brown, Dr. Charles H. Cutler, Miss Martha E. Cutler,

Mrs. Harold Dow, Mrs. George P. Farrar, Mrs. Arthur Field, Mrs. A. Erland Goyette, Mrs. Charles W. Harrington, Mrs. William G. Hunter, Mrs. Willard M. Nichols, Mr. Carl Stanton.

We also wish to acknowledge the gift of the trees, which have greatly improved the looks of the grounds. These were given by Mrs. Edward Ayers, Mrs. Guy Currier, Major and Mrs. Arthur Goyette, Mr. James Lane, and Mr. John Ramsey.

Periodicals and newspapers bought for the reading room: Adventure; American Boy; American Cookery; American Home; American Magazine; Antiques; Arts and Decoration; Atlantic Monthly; Better Homes and Gardens; Bird Lore; Boys' Life; Cosmopolitan; Current History; Etude; Flower Grower; Forum; Fur-Fish-Game; Good Housekeeping; Harpers Magazine; Hobbies; House and Garden; House Beautiful; Hygeia; Illustrated London News; Ladies' Home Journal; Life; McCall's Magazine; National Geographic Magazine; National Sportsman; Nature; News-Week; Parents' Magazine; Pathfinder; Photoplay; Popular Aviation; Popular Mechanics; Popular Science; Readers Digest; Saint Nicholas; Saturday Evening Post; Saturday Review of Literature; Scientific American; Survey; Time; Travel; Vogue; Woman's Home Companion; Yankee; Boston Wednesday and Saturday Evening Transcript; Manchester Union; Sunday New York Times.

Periodicals and Newspapers given to the Reading Room: Advance Woman's Society of the Union Congregational Church; American Forests, Miss Anna L. Prichard; American Issue, American Issue Publishing Co., Washington, D. C.; American Legion Monthly, Mrs. Robert E. Walbridge; Bell Telephone Quarterly, New England Telephone and Telegraph Co; Bulletin of the American Society for the Control of Cancer; Christian Register, Woman's Alliance of the Unitarian Church; Christian Science Monitor, Informal Group of Christian Scientists of Peterborough; Christian Science Sentinel, A Friend; Dupont Magazine; Guernsey Breeders' Journal, The American Guernsey Cattle Club; Health, State Board of Health; The Household Magazine; Living Church, Mrs. William H. Schofield; Missions, Miss Flora J. Tubbs; National Historical Magazine, Peterborough Chapter, D. A. R.; National Humane Review, Miss Fanny Sturgis; National News of the American Legion Auxilary; Nation's Business, Mr. Eben W. Jones, Peterborough; New Hampshire Congregational-Christian Record, Mrs. William G. Hunter; New Hampshire Issue, New Hampshire Anti-Saloon League, Concord, N. H.; Our Dumb Animals, Massachusetts Society for the Prevention of Cruelty to Animals; Peterborough Transcript, Transcript Printing Co.; Red Cross Courier; The Rosicrucian Magazine; Rotarian, Peterborough Rotary Club; Specialty Salesman Magazine,

Mr. H. J. Bligh, Milwaukee, Wis.; Telephone Quarterly and Telephone Topics, New England Telephone and Telegraph Co.; Troubadour, State Planning and Development Commission; Watchman, Seventh-day Adventist Church; Woman's World, Mrs. Elwood A. Aldrich.

Possibly the outstanding accomplishment during the past year is the installing of the new charging system of the books, thus bringing this department up to date with improved library methods. While this entailed a great amount of extra work for the staff, we feel sure the patrons will enjoy the new system.

The floor covering and the greatly needed other half section of the desk have improved the looks in the reading room.

The landscaping of the Whitney property adjoining the library has added greatly to the appearance of the grounds.

Again one of the most successful window displays during Book Week was made possible by the Public Service Store. We wish to take this opportunity to publicly thank Mr. Wright for his splendid co-operation with the library at this time.

Miss Ariel Cutler for the past several years has been in charge of taking and returning books for the people at the Home for the Aged. We feel sure that the Home appreciates having books and magazines delivered to them and the library is glad of this opportunity to be of service.

A large number of books have been loaned both to the West and Center Schools. The books are for schoolroom use during the term. It might be well to state that the library has enough books to loan this way, thus causing a large saving of money for the schools in buying books for supplementary reading.

Mr. Jones, a library trustee of fifty years standing, retired this last year much to the regret of the library personnel.

Through the courtesy of Professor Carleton Wheeler, your librarian made a recording at the time of the Two Hundredth Anniversary of the town, of the library activities during the past fifty years. We believe that this occasion will have proven a milestone in the increased use and enjoyment of our library when another hundred years of Peterborough history has been unrolled.

During the past year the librarian has arranged classes for the Eighth Grade pupils who were accompanied by Mr. O'Gara and Miss Palmer. Instruction in the use of the card catalogue and reference books was given to the classes in the morning out of regular library hours, this extra time being given by the librarian and her assistant, Mrs. Hunter.

We are proud to record that from the Center School, out of a registration of 156 pupils, 106 have library cards of their own to date. 1,251 books have been read as supplementary

reading by the pupils, the third grade children having read the largest number.

Special mention should be made of the children of the first and second grades. 17 children in the first grade and 18 in the second grade, have their own cards. This is an unusual record for these grades, as the children must be able to write their name before having a card.

I wish to take this opportunity to express my appreciation to the trustees, staff and patrons of the library for their splendid co-operation and understanding during these many improvements at the library, which at times called for patience from us all.

In closing may I quote from the article bringing forth this comment on the resolution made by the New Hampshire Library Association at its Fiftieth Anniversary regarding freedom of thought in our libraries. "Now, when the lights of western liberty are going out one by one, and across the length and breadth of Europe, even in our sister democracies, the privilege of dissent is cried down as treason, the importance of preserving the democratic tradition of librarianship can scarcely be exaggerated. It is a splendid time for us to reaffirm active adherence to the principle of freedom of thought that is ingrained in the very concept of American librarianship."

Respectfully submitted,

MARTHA E. CUTLER
Librarian

Report of Police Department

TO THE HONORABLE BOARD OF SELECTMEN:

Gentlemen:

I have the honor to submit my report as Chief of Police from November 1, 1939 to January 31, 1940.

Total number of arrests	20
Adults	20
Non-residents	13
Residents	7

OFFENSES

Drunkenness	6
Larceny	3
Non-support	1
Reckless driving	1
Operating under the influence of liquor	4
Operating without a license	2
Speeding	1
Failing to observe a stop sign	2

Miscellaneous

Lodgers	42
Doors found open	23
Street lights reported out	10
Injured persons attended	1
Complaints investigated	15
Missing persons reported	1
Violation of parking laws	2

Lost Property at Police Station

Lady's navy blue crepe dress
Two pocketbooks

During the past three months we have had two petty breaks in the outlying sections of the town. Fortunately, in both instances, the value of the property taken was very small.

I wish to take this opportunity to express my thanks to the Board of Selectmen; members of the Police Department; Judge James B. Sweeney; Clerk of Courts, Algie A. Holt; Merchants and Citizens of Peterborough for the cooperation given me in the performance of my duty as Chief of Police during the past three months.

Respectfully submitted,

Albert J. Picard

Survey and Mapping of the Town—Engineer's Report

This project was inaugurated as per Article 19 of the Town Warrant submitted to the voters at the Annual Town Meeting of March 12, 1935.

The first work was done on May 16th, of that year.

Other reports by the Engineer, preceding this, are of record:

Annual Report for year ending January 31, 1937, at page 120.

Annual Report for year ending January 31, 1938, at page 106.

Annual Report for year ending January 31, 1939, at page 116.

For the prosecution of this project, the Town has paid out a total of $1,450.

The work done during 1939 is described as follows:

Transit Surveys: State Highway (Route 101), from Van Rensselaer (Wilson) Corner to the Temple Town Line, using for a part of this, notes of survey of the Goyette Mountain lands.

Windy Row: From Union Street to Hancock Town line.

Greenfield Road: From the Stone Bridge at North Peterborough to Happy Valley, and including a portion of the Gulf Road, so-called.

Old Greenfield Road: From the intersection at the Ed. Miller Corner to the residence (formerly of Wilder) of Mr. Morrill.

Gray's Hill Road: So-called, from the Old Greenfield Road, easterly, thence southerly by the road, passing entrance to residence of George S. Parker, to connect with Sand Hill Road.

Sand Hill Road: So-called, from Street Road at the Gordon Corner (formerly so-called) to connect with the survey from Gray's Hill Road.

Special Street Work: Defined sections of the lines of High and Vine Streets at premises of Mr. Parrott, at Union Square. Modification of west line of Summer Street at premises of Unitarian Church. Established certain points on center lines of Bridge Street and Old Dublin Road, for proper definition of bounds of the Mercer (Farrar) land facing Old Dublin Road.

Defined certain points on survey of Lower Main Street in co-operation with engineers of Highway Bridge Department, in connection with location of the proposed new bridge.

Checked and confirmed location of Center line of that section of Powersbridge Road passing premises of Charles F. Batchelder, as accepted by the selectmen, and prepared description of the said alignment for the use and convenience of Mr. Batchelder's attorney. Also prepared a map showing the aforesaid alignment.

Town Line Measurements: A section along Jaffrey, at Peterborough southwest corner.

Section of line along Greenfield, at Peterborough northeast corner.

Searched for corner (S. E.) of Peterborough, at Temple, east of Miller Park Road, but failed to find it, probably, due to conditions created by the hurricane.

Calculations and Map Work: Having to do with completion of Mapping of Surveys already made.

FREDERICK PHILLIPS
Engineer

REPORT OF HEALTH OFFICER

Board of Selectmen,
Peterborough, N. H.

Gentlemen:

Herewith is a brief summary of the activities of the Health Officer for the year ending February 1, 1940.

More and more are demands made upon the Health Officer, not only by the State Board but our summer population as well. The old method of having milk and water submitted for analysis once per decade, is a thing of the past and should such laxity be noticed by the State Board, the Health Officer would be asked to tender his resignation. Luckily, this Town has not (to date) been visited with the type of disaster that is still vivid in the minds of our citizens. Your Health Officer has, during the past season, made one hundred and eight investigations following complaints. Of these one hundred have been corrected to the satisfaction of all concerned; six were found to be without foundation and may be termed "spite complaints." Two cases are still pending. The sanitary condition of our drinking water in one particular section has given some concern. I refer to the section between the play-ground and pool and the residence of Mr. George Myhaver, Union street. Conditions there exist that should be remedied in the Spring. It appears that the branch from the main feed on Union street to the Pool ends in a "dead end" and this branch carries an accumulation of filth that, at times, renders the drinking water in the home of Mr. Myhaver, unfit for use. It is thought that a hydrant at the end of this branch that could be used to thoroughly flush this particular system, would tend to remedy a condition that should not exist. Samples of water taken from homes above and below this section, have proven satisfactory. The several analyses of water are always on file in the office of the Selectmen, as are those of milk, and are open to the inspection of any citizen who may care to study them. It is unfortunate that certain statements to the effect that "our water is not fit to drink," "it is contaminated with sewerage" has been spread. I am positive in my statement that our water supply and its care is second to none in this State.

The question of sanitary milk is one vital to all of us, and your Health Officer has made it a point to check the quality of this vital food by frequent analyses by our State Laboratory. It may be stated that the quality is good save in isolated cases. In several instances it is thought that carelessness in handling and cooling are the faults to be corrected. I am most happy to report that the milk producers appear to be always ready and willing to listen to suggestions and express readiness to cooperate. I believe however, that all dealers should be

licensed to sell milk and cream. The fee would be a small one, two or three dollars per annum, and then, after frequent or flagrant violations, the license could be suspended until such time as might be necessary for the dealer to submit a clean bill of health, as it were, from the State Laboratory in so far as his milk and cream is concerned. Your Health Officer urges that an Article relating to the licensing of milk producers and dealers in this Town, be inserted in the Town Warrant next March.

Last summer a number of severe cases of dermatitis were seen at my office and upon investigation it was found that the dermatitis came from several of the Government lumber camps in the immediate vicinity. These Camps were at once visited and it was found that boards were dipped in a long trough containing a strong solution of a Mercuric salt. The dippers were given no protection for their hands, arms, or faces, and this despite the fact that a placard posted over the trough stated that the solution was a poison and should not be allowed to "come in contact with the skin." Finding that the owners of these mills were hired for a Government Project, and seemed unwilling to take necessary steps to protect the workers, many of whom were our own Townsmen, I at once ordered all four mills to stop work at once, informing the workmen of the danger. I believe that some twelve or fourteen were quite badly affected. The condition was at once reported to the State Board of Health and I was fortunate to be able to demonstrate one of the most severe cases to the Secretary of the State Board, Dr. Burrows, who came to Peterborough in order to talk the situation over. The matter is set forth in the bulletin of the State Board, December issue, a copy of which I enclose for your information and for anyone who may be interested. Our Town was the first to recognize, report, and insist upon proper protection of the workers in and with this drastic poison. It might be interesting to learn that instead of Government wrath at the temerity of a Health Officer who would close a Government Project, your Health Officer and the Town received nothing but praise for the stand taken. Fortunately, following proper protection of the hands and arms of the workmen, no further burns or cases of dermatitis were noted.

I have always found that our citizens gave their fullest cooperation without which it would be almost impossible to function without constant friction and threats of court action. I believe the general sanitary condition of the Town to be good; there are many things that could be done to improve certain conditions, but the cost would be too great for our tax payers to assume in addition to their already heavy burden.

Respectfully submitted,

FRANK B. FOSTER, M. D.

REPORT

of the

SCHOOL DISTRICT OFFICERS

For the Year Ending

JUNE 30, 1939

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Peterborough, Qualified to Vote in District Affairs:

You are hereby notified to meet at the Town House in said District on Wednesday, the sixth day of March next, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Treasurer for the ensuing year.

4. To choose two auditors for the ensuing year.

5. To choose a member of the School Board for the ensuing three years.

6. To hear the reports of agents, auditors, committees, or officers heretofore chosen.

7. To raise and appropriate such sums of money as may be necessary for school purposes for the school year 1940-41.

8. To choose agents and committees in relation to any subject embraced in this warrant.

9. To see if the District will transact any other business that may legally come before this meeting.

Given under our hands this twentieth day of February, A. D., 1940.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE PETERBOROUGH SCHOOL BOARD

I am enclosing with this, my sixth annual report, the schedule of teachers for 1939-1940, the financial report, and the other reports belonging to the school department.

The total enrollment of the Peterborough schools for the present school year is 439, a decrease of 30 from last year.

The tabulation by schools is as follows:

	1938–39	1939–40 (to Feb. 1)
Senior High, IX-XII	186	177
Junior High VII-VIII	64	73
	250	250
Grades I-VI	219	189
	469	439

This decrease in enrollment from last year is mainly due to the loss of elementary pupils who were in town only a few months last year. There were 27 pupils registered in 1938-39 who had previously registered in another town in this state. Usually we have only 10 or 12 such pupils.

There were four new members of our teaching force at the opening in September, and two vacancies have been filled since that time.

Mr. Edward J. O'Gara took charge of the high school English department, succeeding Miss Tracy who declined re-election. Mr. O'Gara came to us from Lisbon where he had met with outstanding success during his four years of service. He had previously been four years at Sunapee high school.

Miss Catherine Laughton, a graduate of Colby College, with two years of teaching experience in Maine, and one year of study and teaching in France, was chosen as teacher of French and Latin.

Miss Jeannette Palmer, a graduate of Framingham State Teachers' College, became teacher of Home Economics, and Miss Edith Cushing was elected teacher of grade four in the Central School. Miss Cushing is a graduate of Keene Teachers' College with experience in the lower grades in Fitzwilliam.

Miss Woodbury, who had been supervisor of music for five years resigned her position the last of August. We were fortunate in securing Mr. Edward T. Clapp of New Ipswich as a substitute until we secured Miss Virginia Hough, who took over the position in October. Miss Hough is a graduate of Keene Teachers' College, who for the past three years has been supervisor in Wolfeboro, Tuftonboro and Moultonboro.

Miss Charlotte M. Schaedel, who has been the efficient head of the commercial department for the past ten years,

resigned her position in December. Miss Viviane B. Beaudry was placed at the head of this department, and after having Miss Christensen of Keene as temporary substitute, Miss Louise Mosession, a graduate of Boston University, 1938, began work in the commercial department January 29th.

The work of the high school has shown excellent results. The co-operation of the faculty has been fine, and the spirit manifested by the students is pleasing.

Working under the provisions of the George-Deen Act the Home Economics department last year received federal funds to the amount of about $300.00. Part of these funds went toward the purchase of a new refrigerator. This department is still working under the provisions of the federal act, and expects to receive a similar allowance next July.

The lower grades in the Central School have shown marked reading gains under the system introduced last year. Special attention has been given to improvement in spelling during the present year.

The work of the safety patrol begun in September, 1939, has been notably successful. A similar patrol has been inaugurated at the Jaffrey Grade School.

During the school year 1938-39 an informal organization of the elementary school principals of Peterborough, Jaffrey, Dublin, Hancock and Rindge was formed. An interesting and helpful meeting was held in Dublin, and in January of this year a similar meeting was held in East Jaffrey with Miss Phila Griffin, Elementary School Agent of the State Board of Education discussing with these teachers elementary school problems. Miss Griffin timed her visit so as to spend a half day in the Central School and half day in the grades in East Jaffrey.

For the half year ending January 26, 1940, there were 61 tuition pupils in the high school and 9 in the elementary grades, from the following towns:

Rindge	1	
Randolph	1	
Temple	2	
Bennington	6	
Sharon	3	plus 9 elementary
Francestown	7	
Harrisville	11	
Dublin	12	
Greenfield	18	
	61	9 elementary

As stated in the headmaster's report special attention has been given to English in the high school. In order to prepare our high school pupils for this work we are attempting to coordinate the English work of the higher elementary grades

with that of the senior high school. To assist in bringing this about a brief syllabus has been drawn up indicating certain fundamentals that should be covered in each grade.

Achievement tests have been given in the elementary grades and the general accomplishment of the pupils has been well up to the expected age-grade level.

Forty years ago the average education of the American citizen was only equivalent to the fifth grade and millions were absolutely illiterate. Today a high school education is average standard equipment. Nearly seven million adolescents are in high school today and nearly two million more in college.

The problems facing the future are more intricate and perplexing than at any time in the past. It follows then that the preparation of adolescents to perform intelligently and wisely their functions must be more thorough and scientifically planned than in the past.

Thus is the task of modern education in all grades of our schools. The problem of education will become recognized as the problem fundamental to all others. War is occasioned by miseducation, and it will not be banished from the earth until people shall have become educated to the highest degree in the principles of true democracy, liberty, justice and good-will toward all men.

LEWIS S. RECORD
Superintendent of Schools.

February 15, 1940

REPORT OF HEADMASTER TO SUPERINTENDENT LEWIS S. RECORD

I submit herewith my annual report as Headmaster of Peterborough High School:

By virtue of its importance, the English curriculum merits first mention in this report. Emphasis is being placed upon the reading of English Classics and the teaching of both formal and functional grammar. Under the present policies a balance of relationships in the various types of work in this department will be reached. Through the influence and effort of the English teachers, the school is making use of the fine facilities available in the Peterborough Public Library. Classes have been taken to the library where the librarians have given instruction in the use of the Dewey cataloguing system. This friendly assistance is greatly appreciated by the school.

The present senior class was given the 1939 state spelling test, a test taken by all seniors in the state last year. The median of the present senior class was above that of last year's. Only eight schools in the state last year had a median higher than that of our 1940 senior class. Three English tests are

being given to the Junior and Senior classes. These tests consist of eight parts, covering spelling, punctuation, idiomatic expressions, sentence structure, verb forms, pronoun forms, pronunciation, and miscellaneous faulty expressions. The first of the series was given for diagnostic purposes early in the fall. The second test is given in the middle of the year to determine the amount of progress made, with some time left for more remedial work. The last of the series will be given in May, so that the final results of the year's concentration in these fields may be measured. The Leonard Diagnostic test in capitalization and punctuation is given twice during the year for purposes similar to those mentioned above. It is our conviction that a student coming from a high school with a strong English department will have little difficulty in doing satisfactory work in post-secondary schools.

The Headmasters of the Monadnock Region hold monthly meetings in Peterborough for the purpose of studying and discussing new procedures in education. Occasionally new ideas are brought to us by speakers from other sections. These meetings serve as a clearing house for problems and minor difficulties which are bound to arise between schools having frequent relationships.

The coaches and headmasters of this region hold several meetings a year in Peterborough for the purpose of arranging athletic schedules, selecting officials, and establishing general policies which will be followed throughout the year. If any school in this section indulges in practices which are harmful to other schools, this group generally finds a solution which is satisfactory to all concerned. The athletics department has a personnel of three teachers who devote part of their time to this work. This leadership results in a great deal of the character building which is essential to all schools. Athletics are taking a proper place in the school curriculum, so that we are no longer subject to the criticism that the high school is being operated primarily for sports.

The work of the Mechanic Arts department is rapidly improving and is receiving more recognition each year. Additions are being made continually to the physical equipment. This means that the boys are offered a greater variety of work each time another machine is added. In former practice the Mechanic Arts department was used as a place for all boys who could not or did not care to do academic work. This is no longer true, for the type of work carried on in this department today calls for the development of skill, hard work and mechanical ability. A boy of high intelligence can find a real challenge in this field of Mechanic Arts. If, after given this test, a boy is found to have little native ability in this field, he will be encouraged to select some other type of work in the high school.

The work of the high school this year has been most satis-

factory. Pupil attendance has been good with a noticeable absence of communicable diseases. The teaching staff has been in fine physical condition with few substitutes being called upon so far. All of the above factors lend materially to the successful operation of a school system which is borne out by the gratifying results of standardized tests which have been given during the school year.

An unusually high percentage of last year's graduating class has selected some type of post-secondary work which, according to reports, is being carried out successfully. The high school faculty does not lose interest in a girl or a boy after graduation for this is a short-sighted policy. The results of teaching make themselves manifest during the future years. A large number of under-graduates as well as some of the graduates, have secured temporary or permanent employment through contacts made by the high school office. If anyone in Peterborough has a position for a young person, whether it be permanent or for only a short time, it will be appreciated if the high school could be given the opportunity of selecting a boy or girl to fill the need.

With the support we are receiving from the community as a whole, the School Board and the Superintendent, we shall bring our work to a close in June with a feeling that it has been a year of accomplishments and progress.

Respectfully submitted,

ERNEST F. FORBES, Headmaster

Report of the Central School 1939-1940

The present enrollment of the Central School is 156, including seven tuition pupils transported from Sharon. Attendance has been very good so far with very few illnesses. Since our classes are smaller this year, we are able to give much more definite help to individuals and thus keep our daily class programs more unified.

Work in visual education has continued with several fine films shown to us at the high school. The excellence of oral and written work undertaken as a result of visual instruction more than proves its value. There is opportunity and need for even more of this work than we find available at present, a need which should be met very soon if we wish to maintain an enviable position among the better schools. The Central School needs projection equipment of its own and a well-darkened room for showing pictures, in order to do away with the waste of time necessitated by the walk to the high school and back.

Spelling has received special attention in our program this year ever since tests revealed weaknesses. Daily programs

have been readjusted in order to make more time for spelling with special emphasis on phonics. Although the results shown by check-up tests at this time already reveal norms above average, special drill will continue.

We are continuing to stress reasoning and computation in arithmetic, and our reading standards are ever moving upward.

This subject of reading deserves particular attention. That we have been successful in developing good reading habits is evident from the fact that 106 of our boys and girls have their own library cards. Miss Cutler, the librarian, tells us that this is a decidedly good record for elementary schools and especially so for grades one and two. The library has furnished 1251 books to elementary school readers this year, with the third grade having taken out the greatest number. The instructors deserve a great deal of credit for stimulating such a desire to use the facilities of our excellent library.

To help children develop further mentally we must offer opportunity for intelligent self-expression. This is being done not only through oral composition but also through current events topics. At the beginning of the year children find the exercise difficult, but by January they are standing on their two feet before their classmates delivering intelligent resumes of well-selected topics. The ability to do this helps children to become adjusted to one another, and I feel that this adjustment is one of the most important problems which confronts our schools today. Brought about by a sympathetic, unbiased understanding of child behavior, such adjustment in turn brings about social maturity.

Creative activity has also been fostered by projects and special programs. The object of this extra training is to better develop personality. We recognize the fact that personality is formed in the grades more readily than in later years. By the time college is reached a definite personality has already been established, and the training of intellectual capacities and virtues predominates. This being the case, time spent in outside work along the lines of projects and special day programs is invaluable.

Our safety patrol offers another fine opportunity for character building and is so treated. It helps to make our school one big family with each one having his duty toward the next person. The younger children respect the patrol boys, and the patrol enjoys the responsibility of caring for the younger children. The squad holds regular meetings each week under the leadership of its lieutenant. At this time all reports are brought in for discussion, and any corrections made or suggested are turned in to the office.

As I close, I must commend the teachers for what they have done in the line of professional improvement; four trav-

eled during the summer, and three studied at summer schools. Several fine professional books have been added to the office library, along with the "Elementary School Journal," which comes monthly to enrich instruction and administration.

Respectfully submitted,

D. M. Churchill

Principal

Report of the West Peterborough School
1939-1940

There is an old saying that reads, "There is nothing so uncertain as a sure thing." Regarding the school at the West, it seems to have proved itself true. Although the mill is closed, stripped and abandoned, the school enrollment this year has been twenty-five. It has, at no time, been less than eighteen, which is two more than the registration of last year.

Three children, only, have left the school, whose parents were employed at the mill. We had for several weeks in school, children whose fathers were engaged in restoration work at the MacDowell Woods. When this work was completed, these families moved away.

This has been a happy and busy year, with little sickness and good attendance. On account of distance, the children miss out on some special school events in the village, but they have their own small and satisfying diversions.

Again, we want you to know that the milk and cod-liver oil are welcome and helpful. The out-dated magazines given us by Miss Cutler, the many gifts at Christmas time from the P. T. A. and others, give more pleasure than perhaps the donors realize. To the people of Peterborough, with their kindly attitude toward the Little School at the West, we feel truly grateful and we say a big Thank You.

Respectfully submitted,

Katie T. Nichols

Report of the Music Supervisor
March 1940

Central School

The music program at the Central School follows much the same schedule as it has in previous years. The primary grades receive three half-hour periods of instruction each week, while the elementary grades receive two half-hour periods for two weeks and on the third week receive three half-hour periods of instruction.

The children learn, as they progress through the grades, to sing for the joy of singing, to respond to definite rhythms; they learn to read music intelligently and enjoy listening to it because they have a background for understanding music.

This year we are attempting to further this appreciation by organizing a "Melody Band" in the elementary grades. The instruments used are called "Song Flutes," which when blown upon and fingered correctly, give the true pitch relations of the tones in the scale. The children play the game of "music building" while learning two and three-part harmony and those essentials necessary to playing an instrument. This course has a definite educational value in that the Song Flutes are fingered and tone is produced in a manner similar to that of playing a clarinet or saxaphone. For this reason it might well be called a pre-band course. The greatest advantage of this course lies in the opportunity offered parents, children and teachers to discover whether or not the individual is prospective material for instrumental work. Such early diagnosis can prevent waste of time and money spent on instrumental lessons for children who are not capable of becoming average musicians.

The children enjoyed presenting to the townspeople at Christmas time, a semi-sacred musical production entitled, "Why the Chimes Rang." Combining as it did music, pantomime and reading, it offered a wide scope for the creative abilities of the children, and it was made possible for every child to participate.

West Peterborough

The group at West Peterborough is divided. Grades I and II receive twenty minutes of instruction and Grades III and IV receive forty minutes. The work carried on parallels that at the Central School, since the transition from one school to the other must be made with no noticeable difficulties encountered because of a difference in preparation.

Junior High School

The students in Junior High School meet for singing twice a week as a Junior High Chorus of 72 (seventy-two) voices.

The combined chorus furnished two selections at the Armistice Day Exercises. Otherwise our activities are confined to classroom practice of two and three-part singing.

A third group, meeting once a week, is made up of boys who wish to spend more time with music than is afforded by the regular course.

High School

Within the High School group are four musical organizations—Girls' Chorus, Boys' Glee Club, Quartet and Orchestra.

There is nothing of an unusual nature to report concerning the Girls' Chorus of thirty voices, except one public appearance made before the Women's Club in November.

The Boys' Glee Club is working on numbers which we hope to have an opportunity to present publicly in the future.

The main purpose for the creation and development of the Quartet is to present music for the Graduation program. Preliminary work consists of drill and practice to accustom the members to each others voices and to overcome the special difficulties which confront a small group singing in harmony.

Graduation last year depleted our orchestra. The nine pieces which we have consist of piano, four violins, one clarinet, two trumpets and drums. The orchestra has a more important function in the life of the school than any other musical group since it is in evidence at assemblies to furnish processional and recessional music. Individual members work especially hard in order to be eligible for participation in the All-State Orchestra which assembles during the State Music Festival in May. The Orchestra more than any other organization needs a larger membership and any encouragement which might be given boys and girls by townspeople interested in music would pay large dividends, releasing as it would help to do, creative abilities which at this age are so likely to remain dormant or to find outlet in undesirable channels.

Respectfully submitted,

VIRGINIA HOUGH

Physical Education Report — 1940

High School

Two forty-minute periods of physical education a week are required for all girls and junior high school boys who are physically able to take part in some form of activity. A varied program is provided to take care of individual differences and develop many specific neuro-muscular skills. Dancing, games, stunts and tumbling, marching and gymnastics, posture, bowling, and badminton are all included in the class work. We are fortunate this year to have an electric victrola for use in marching and dancing.

After-school sports, in addition to the regular gym classes, are optional and include basketball, field hockey, and volley ball. Last fall thirty-one girls participated in field hockey, and two regular teams were organized. Games were played with Gardner, Keene, and Newport. The basketball team for 1938–1939 had a splendid record, being undefeated and winning the Monadnock League and State championships. Due to a loss of squad members through graduation and transfers, our team has not equalled the record of those in former years. In spite of defeats by small scores, the girls have played courageously throughout the season. Volley ball, last spring, was played intramurally with the Freshmen winning the tournament by outclassing the Juniors. Backboard tennis was also started last spring, and we hope this year to have courts available.

Aside from athletic activities, dancing has had an important emphasis in the past year.

A dance pageant was held at the Town House in conjunction with the bicentennial anniversary. The following dances were exhibited by the junior high and high school pupils.

English

Rufty Tufty
Oranges and Lemons
Sword Dance
Gathering Peascods
Tideswell Processional

American

The Girl I Left Behind Me
Hull's Victory

Modern Dancing

Waltz
Jitterbug
Fox Trot

Some changes in the high school physical education program which I think will be worthwhile are as follows:

1. Classes graded according to ability.
2. Corrective room for special pupils needing this work.

3. Transportation provided for out-of-town people that they may engage in after school sports.

Central School

Emphasis is placed upon attaining correct posture in walking, standing, and sitting and upon the development of poise, grace and balance.

Corrective work is given every Wednesday afternoon to a few individuals in each class who most need this attention. Follow-up work in the form of relief drills is given by the class room teachers. All types of activities are taught in spite of the handicap of having no gymnasium. Playground activities, in the form of free play, are supervised by the classroom teachers under the direction of the Principal and physical education director.

The annual May Day program was presented in the form of a Physical Education demonstration illustrating each activity pertinent to the month involved with the usual May Pole Dance and the crowning of the May Queen.

Gertrude C. Lundstedt
Physical Education Director

SCHEDULE FOR 1939-1940

	Name	Department	Salary	Degree From	Experience
1.	Beaudry, Viviane B.	Commercial	$1150–1250	Plymouth Teachers' College '35	5 years
2.	Bergeron, Marion C.	Grade V	950	Keene Teachers' College, 1936	3 years
3.	Bonnette, Margaret	Grade VI	1025	Keene Teachers' College, 1932	8 years
4.	Clark, John R.	Athletic & Soc. Sci.	1925	University of N. H., 1929	10 years
5.	Churchill, Dena M.	Principal, Central	1425	Keene Teachers' College, 1926	6 years
6.	Cushing, Edith	Grade IV	950	Keene Teachers' College, 1936	4 years

PETERBOROUGH STATISTICAL SUMMARY

School Year 1938-1939

Whole number different schools maintained full year	10
Teaching positions: (a) filled by men	4
(b) filled by women	17
Changes in year	2
Different individuals employed: (a) men	4
(b) women	19
Different pupils registered	470
Previously registered elsewhere	27
Not previously registered: (boys)	231
(girls)	212
Half days lost: average	23
Half days in session	337
Pupils between 5-8 years of age	66
Pupils between 8-14 years of age	200
Pupils between 14-16 years of age	82
Pupils between 16-21 years of age	95
Pupils over 21 years of age	0
Per cent of attendance	93.94
Pupils not absent or tardy during year	31
Cases of tardiness	267
Number 8-14 not attending any school	2
Non-resident pupils in elementary schools	23
Non-resident pupils in secondary schools	59
Pupils transported at district expense	158
School houses used during year	3
Average salaries of teachers:	
Secondary men	$2,242
Secondary women	1,209
Elementary men	1,300
Elementary women	1,120
School Board meetings	14
School visits made by Board members	28
School visits made by Superintendent	401
School visits made by Citizens	296

SCHOOL BOARD REPORT

The major objective of the schools has been to constantly enrich the work. Broader coverage of each subject by a sincere staff has been the motivating force. Too often an objective is forestalled by staff changes and especially is this true in cases where staff changes are made during the current session. It is a difficult task to assemble twenty-two teachers that meet the high plane of the present group but even more difficult to maintain it. Even though it may be rightly said that school finances have priority attention of our citizens, it is not the most important to parents nor the most vital to the pupil. When the proper correlation can be established between expense and quality of work done, then and then only does the pupil receive the full benefits.

Just as the world war marked for many years the basic focal point of all economic studies, so the hurricane has marked many of the town activities. It was satisfying to have been able, through the cooperation of all concerned, to absorb much of the cost of damage to the physical property of the school system in previous years, but in some cases only now are some of these damages evident. Transportation as shown by the financial report still remains well above normal and although all cannot be attributed directly to the influx of lumber business it still has its influence. Unfortunately this year has seen a number of families move to residences distant from established routes necessitating new routes as well as pupils coming to school age on former routes abandoned and of necessity re-established. The transportation agent agreed to a minimum adjustment in this regard and merits credit for meeting the situation at so low a figure.

It was deemed advisable to put safety glass wherever there was danger of pupil injury and further to guard rail all exposed areas of glass.

The roof of the high school building is at present concerning the Board and is a hurricane damage not foreseen earlier. It is planned to make major repairs on it the coming year.

Through available avenues, cooperation was established with the federal educational program and about $325 was made available for the Home Economics work. These funds were used to further equip the department with dishes for meal serving, cupboards, refrigerator, and minor items.

The Manual Arts department has also been improved in much needed equipment.

A victrola has been provided for use in the Physical Education work.

A group of citizens that have interested themselves materially in the schools is the Parent-Teacher Association. They not only continued their projects of health activities but have

supplied a radio which has been appreciated. This citizen interest is gratifying.

The cooperative work in medical and dental care, hot soup, milk, and cod liver oil has continued.

The work of the School Board and the objectives of the school system have been aided materially by the interest of the citizens and the devotion of the staff. It is a pleasure for the Board to take this opportunity to again acknowledge this fact. While it must be expected that a normal number of vexing problems are the lot of those charged with the duties of the schools, it is invigorating to have the kind of cooperative support now operative. The spirit of Peterborough toward her schools creates eagerness on the part of the staff and officers to do their best.

PETERBOROUGH SCHOOL BOARD'S BUDGET

	1940-1941	1939-1940 Budget
Support of Schools:		
1. Teachers' salaries	$28,500 00	$28,500 00
2. Books and supplies	2,500 00	2,500 00
3. Flags and appurtenances	15 00	15 00
4. Other expenses of instruction	250 00	250 00
5. Janitor service	3,000 00	3,000 00
6. Fuel	1,800 00	1,800 00
7. Water, light, janitors' supplies	1,450 00	1,400 00
8. Minor repairs and expenses	950 00	950 00
9. Health supervision	1,050 00	1,050 00
10. Transportation	6,750 00	6,400 00
11. Other special activities	100 00	100 00
	$46,365 00	$45,965 00
Other Statutory Requirements:		
1. Salaries of district officers	$200 00	$200 00
2. Supt's excess salary	600 00	595 00

Peterborough School Board

REPORT OF SCHOOL PHYSICIAN AND SCHOOL NURSE

To the Superintendent of Schools and Board of Education,
Town of Peterborough, N. H.

The following is the report of the Medical Inspection department of the Peterborough Public Schools for the year beginning Sept. 8, 1938 and ending June 30, 1939.

This report is based on the number of children in school at the present time 420

Total number of students examined 418

Defects Found:		Corrections or Treatments and clinic corrections	
1. Defective teeth	186	Dental corrections	65
Gums need attention	6	Dental clinic corrections	63
Teeth need cleaning by dentist	35	Dental attention	84
Orthodontia needed	11		
Total	238	Total	212
2. Enlarged tonsils		Tonsilectomy Including summer of 1939 (9)	15
(a)	39		
(b)	41	Tonsilectomy at clinics	5
Total	80	Total	20
3. Defective Vision	35	Glasses fitted Including summer of 1939 (3)	23
Eye strain	48		
Blepharitis	4	Eyes examined or re-examined	5
		Glasses not necesary at present	
		Glasses refitted Including summer of 1939 (1)	27
Sept. wearing glasses	53	June wearing glasses	73
4. Defective hearing	12		0
Wax in ears	12		6
Acute ear trouble	3		1
History of ear trouble	25		0
5. Enlarged glands	24		0
6. Cardiac conditions	38	re-checked	
(a) Cardiac murmurs	23	Reported to parents	21
7. Athlete's Foot			
Positive	69		8
Suspic ous	40		

8. Pediculosis	1		1
9. Orthopedic	6	4 old cases have had treatments	4
10. Acne	9		1
11. Other skin conditions	30		30
12. Other defects	35		9
13. Other recommendations	23		8

Total number of students 10% underweight 81
Total number of these who gained during the year 72
Total number of these who lost during the year 9
Excused from Physical Education classes 4
Students not vaccinated 6
Students having 3 or more unsuccessful attempts at vaccination 6

Although 80 students are referred for enlarged tonsils it does not necessarily mean that all should have tonsilectomy. For that reason they have been divided into two classes (a) needing attention as soon as possible and (b) needing attention if the student has sore throat frequently or if the student is bothered in any other way by enlarged tonsils.

This year the students have been examined for athlete's foot. Many cases have been found.

Notices have been sent out to parents of the students who had defects 399

Notices have been sent to parents about dental service for students needing dental care and these have been followed up by the dental records of students having dental care at the clinics.

Special examinations by the Medical Inspector:

(a)	1. Employees of the Board of Education at school	10
	2. Employees of the Board of Education at office	6
(b)	Hockey team	14
(c)	Basket-ball teams for Tournaments, at office	
(d)	First-aid, dressings, or inspection by the Medical Inspector at office	21
(e)	Individual inspection by the Medical Inspector	24
(f)	Home visits	4

Number of students out of school or excluded on account of contagious diseases (17 families) 25

1. Chicken Pox (4 out of school and 1 excluded) (4 families) 5
2. German Measles (1 out of school) 1
3. Whooping cough (13 families) 19

All children who have not had Whooping Cough and who have a definite cough have been asked to stay at home until cough was better or to call a doctor and to furnish a doctor's certificate stating that it was not Whooping Cough. Non-immune brothers and sisters were excluded too, until the family

physician, school inspector or health officer allowed them to return to school.

At all times the Headmaster, Principals, and teachers have been on the alert for any symptoms of illness.

Committee meetings attended by the School Nurse		2
Individual inspection by the School Nurse		281
First-aid or dressings by the School Nurse		222
Business calls by the School Nurse		14
Business letters by the School Nurse		19
Number of visits to schools by the School Nurse		310
High School	157	
Central School	141	
West Peterborough School	12	

Talk on appendicitis, High School Assembly, Dr. Donald Clark.

Talk on Dental Care, Grades 5, 6, and Jr. and Sr. High School, Dr. C. Temple Lawrence.

Talk on Posture, High School Assembly, Mrs. Carrie Price, R.N. (Bureau of Crippled Children, State Dept. of Health).

Talk on Tuberculosis, High School Assembly, Mrs. Mildred Aiken, R.N., State Board of Health and N. H. T. B. Association.

Demonstrations:

First-aid bandaging, Home Economics Class, School Nurse.
Cleanliness Campaign conducted at Central School by Classroom teachers.

Health Films shown at High School Auditorium.

(a) Care of the Teeth, Courtesy Rochester Dental Assoc., Rochester, N. Y.
(b) Working for Dear Life, Courtesy Metropolitan Life Ins. Company.
(c) Conquest of Diphtheria, Courtesy Metropolitan Life Ins. Co.
(d) Once Upon a Time, Courtesy Metropolitan Life Ins. Co.
(e) Man Against Microbe, Courtesy Metropolitan Life Ins. Company.
(f) Film (Tuberculosis), Courtesy N. H. Tuberculosis Association and N. H. State Board of Health.
(g) Posture, Courtesy of Crippled Children's Bureau, and N. H. State Board of Health.

Attendance has been checked at the High School and when possible a phone call or a home visit was made to find out why the student was absent. All illness excuses at the High School building were signed by the School Nurse before the student was admitted to class.

Home visits by the School Nurse	96
Referred to Local Commissioner of Public Welfare	1
Phone calls to and by the School Nurse	370
Eyes tested by the School Nurse	418
Ears tested by the School Nurse	418
Eyes re-tested by the School Nurse	47

West Peterborough students (16) have been weighed and measured 3 times.

Central students (117) have been weighed and measured 3 times.

A notice about the annual gains or losses of the grade students has been sent to the parents.

High and Junior High School students (227) have been weighed and measured 3 times.

Interviews by the School Nurse:

With officials	17
With Headmaster	129
With Principals	157
With Teachers	216
With Pupils	1152
With Parents	23
With others	11

Dental, Eye, and Tonsil Clinics have been sponsored by the Community Student Health Fund and parents. See next page.

Milk distributed at West Peterborough and Central School (sponsored by the A.R.C. and the American Guernsey Cattle Club (through the courtesy of Mr. Karl Musser) under the direction of the C. S. H. Fund began Dec. 13, 1938 and was discontinued May 4, 1939.

Number of students taking daily—average 40

Hot soup began at Central School Jan. 10, 1939 and was continued until May 14, 1939 (sponsored by the C. S. H. Fund).
Number of students taking daily—average 35

Cod Liver Oil began at West Peterborough and Central Schools Dec. 1, 1938 and was continued until April 14, 1939.
Number of students taking daily—average 79

A report of the Community Student Health Fund has been sent to all contributing organizations.

Weight charts and summary sheets have been given to the classroom teachers. A similar record is in the nurse's room at the High School building for reference when needed by teachers to find out whether the physical defect has any bearing on the students doing failing work.

Disease census charts have been made out for all new entrants to school.

A Health card is on file for each student (Files have been

made by the Manual Training Department, under the direction of Mr. Daniel Sullivan).

In the grades at Central School and West Peterborough School Health inspection is carried on each day by the class

CLINICS:	No.	By Whom	Where Held	No. Exam.	No. Treated	Sponsored By
Dental	7	Dr. Kyes	Office, Peterborough	43	38	Com. Stud. Health Fund & Parents

Chest	1	Dr. Kerr	Town House, Peterborough	32		N. H. State Bd. of Health, T. B. Assoc., Local Bd. of Health & Education

room teacher. The Health activities in the grades include plays, stories and the making of booklets and posters. In Grade II a Health bulletin is displayed. A Health play is in progress. In Grade One and at West Peterborough a mirror is used to show the child that he is his own best exhibit. In

Grade Four, booklets were made showing three essential habits for good teeth—proper food, the brushing of teeth, and dental care. In Grade Five there is a Health Habit chart.

The time allowed for the work of the School Nurse is from 8-30 A. M. to 12 noon daily for five days a week.

At this time the Medical Inspection department wishes to thank:

(a) All organizations contributing to the Community Student Health Fund (Sponsored by P. T. A.).
(b) The American Red Cross.
(c) The American Guernsey Cattle Club.
(d) The Orchard Hill Farm.
(e) The American Legion Auxiliary, Wm. H. Cheney, Unit No. 5.
(f) The Salvation Army and Samaritan Society. (for shoes and clothing)

and to express its appreciation for the co-operation of:

(1) The Public Welfare and Health Departments (local county and State)
(2) The N. H. State Tuberculosis Association.
(3) The Parent-Teacher Association.
(4) The Superintendent of Schools and Board of Education (state and local) and the Headmaster, Principals, and Teachers.

We are also very grateful to the Doctors, Dentists, Eye specialists, nurses, the Peterborough Hospital Staff for their services and to all school employees, students and others who assisted us in any way.

Respectfully submitted,

DONALD M. CLARK, M.D.
School Medical Inspector

OLA MYHAVER, R.N.
School Nurse

FINANCIAL REPORT OF THE PETERBOROUGH, N. H., SCHOOL DISTRICT

For the
Fiscal Year Beginning July 1, 1938, and Ending June 30,1939

PETERBOROUGH HYMN
A. D. 1620

God our Father,
    Glory, Lord to Thee!
Before whose voice
    Is mute the thund'ring sea!
Through wind and foam
    Thou lead'st us home—
To Thee be glory thro' eternity.

Great Jehovah,
    Author of our faith
To Thee we bring
    Full hearts and joyful breath
Be Thou our guide
    With Thee we bide
To love, to labour, and to hope till death.

Edward MacDowell
